Introducing Simplyhealth

Simplyhealth has been providing cost-effective, accessible, manageable health cash plans for more than 100 years.

Why should I see a dentist?

Keeping yourself dentally fit really isn't that difficult or expensive and it can make a huge difference to how you feel about yourself. Dental problems can contribute to lifelong oral and general health issues but many are preventable which is why looking after your oral health is so important. Seeing your dentist or hygienist as often as is recommended can help you avoid costly and complex dental treatments.

Why choose a dental benefit?

Dental payment plans are a way of spreading the cost of your routine (check-ups, hygiene visits and x-rays) and restorative (crowns, bridges or fillings) dental care. A dental benefit is one that can be used on a regular basis – not just in an emergency.

The dental benefit also allows you to choose which dentist to go to, anywhere in the world, whether private or NHS which makes it easier to find one that is most convenient for you.

Key features of a Simplyhealth dental plan

- No initial oral health check needed and pre-existing conditions covered (except treatment for mouth cancer, pre-planned treatment or treatment for dental injuries that take place before the cover started)
- Choice of any dentist anywhere in the world
- 24-Hour Worldwide Dental Emergency Helpline – available in the event of a dental injury or dental emergency
- Worldwide emergency dental treatment and dental injury cover up to £10,800 per policy year.

How to make a claim

There is a simple claims procedure to follow. When your treatment has finished, you pay the dentist in the usual way, please get a fully itemised receipt.

Your claim for reimbursement can then be submitted online at www.denplan.co.uk/employeeonline Please submit your claim within 60 days of treatment. You will then be reimbursed up to specific amounts, as shown in the table in the benefit literature. No pre-authorisation is required and the dentist doesn't need to sign anything.
